

Darlin'

Triumvirat

I know if words could say
Then Darlin' I'd find a way
To let you know what you meant to me
I guess it was meant to be
I hold you in my heart
As life's most precious part

Oh Darlin'
I dream about you often my pretty gold hair
I love the way you soften my
Love to love your precious love

I was living like half a man
Then I couldn't love but now I can
You pick me up when I was feeling sad
More soul than I ever had
I'm gonna love you every single night
Because I think you're too out of sight

Oh Darlin'
I dream about you often my pretty gold hair
I love the way you soften my
Love to love your precious love

I'm gonna love you every single night (yes I will)
'cause I think you're too out of sight

Oh Darlin'
I dream about you often my pretty gold hair
I love the way you soften my
Love to love your precious love
