

# Pain

Trivium

Bleed my life to the concrete  
Living is the strain  
Cutting will from every vein  
Conceived hate through the beatings  
Your hate publicized  
Shot for looking in your eyes

Throw my mind through dissection  
Dismembering  
Razorblade caressing

Consummation of falsehood  
Feeding on their ways  
Subhuman, be thy name

Headfirst, slammed to the concrete  
Teeth grip the street  
Inflamed rage you shall meet  
Anger's smoke smells so sweet  
Left torn and slain  
Vengeance, be thy name

Throw my mind through dissection  
Dismembering  
Razorblade caressing

Cut scarred wrist  
Drain you, pain  
Shoot maimed mind  
Kill you, pain

Pain

Cut scarred wrist  
Drain you, pain  
Shoot maimed mind  
I'm in you

Pain
