

# Sever the Hand

Trivium

Liturgies and prophecies  
They mean nothing to me  
I believe in substance  
Not the patterns that you see

Life burns me alive  
Life burns me alive

Straws you grip so tightly  
Now becoming your own noose  
Story collapsing, ask yourself  
Can you hang from your own truth?

Life burns me alive  
Life burns me alive

Sever the hand  
Of any god or man  
Sever the hand  
To free yourself again  
Free yourself again

Sever the hand  
Of any god or man  
Sever the hand  
To free yourself again

Free yourself again

Mindlessly crawling  
You're choked by a leash  
Seeking redemption  
You practice and preach

Cognitive failure  
Your sickness reveals  
The horror and panic  
Exposing what's real

Life burns me alive  
Life burns me alive

Sever the hand  
Of any god or man  
Sever the hand  
To free yourself again  
Free yourself again

Sever the hand  
Of any god or man  
Sever the hand  
To free yourself again  
Free yourself again
