

Bob Venke

Trollfest

Bob Venke, the flamingo overlord
Has no qualms about annihilation
You should watch your back when he's in town
Or else it might be your neck

Keep your neck away from Bob Venke
Your life is now on the line
Keep your neck away from Bob Venke
Your life is now on the line

Keep away, stay inside
When Bob Venke comes around
Keep away, stay inside
Or your neck will snap

Bob Venke is the flamingo overlord to dominate our species
Bow down, you insolent fool
No one stands when Bob Venke comes

Rolling over town like thunder in the sky
Flamingo overlord
Striking like lightning, who's overlord now?

Bob Venke flies into town
Slays all of the men around
Hunting with a hey and a ho
That's the way flamingos go

Armies of flamingos keep landing in the streets
Armed with laser beaks, they bite and burn the resistance
Trampled by robot legs, no one thing is safe
Everyone will bow down when Bob Venke flies

Everyone will bow down when Bob Venke flies

Bob Venke will drag you
Down into the dirt
Where you sit in shit
