

I Take It Back

Troop

Hey

Baby girl so fine
And I can't lie
I've been acting like she's not my only love
And I don't know why
When baby treats me so kind
I must be crazy she's the apple of my eye

We used to make love
Under the stars up above and
We used to have a lot of fun
And in the heat of the night
She keeps me feeling alright and
She keeps me going
I can't explain the reason why I'm trippin'

So girl I apologize
I need you in my life
I said some things I didn't mean
I take it back
I need another chance
I wanna be your man
I said some things I didn't mean
I take it back

I apologize
For all the times you've cried
You don't deserve the way I acted
Girl I'm sorry
And now I realize
That I need you in my life
I'm much maturer now
I won't tell no more lies

We used to make love
Under the stars up above and
We used to have a lot of fun
And in the heat of the night
She keeps me feeling alright and
You keep me going
I don't know why I'm trippin'

So girl I apologize
I need you in my life
I said some things I didn't mean
I take it back
I need another chance
I wanna be your man
I said some things I didn't mean
I take it back

We used to make love
We used to make love
We used to make love
Under the moon up above, yeah
We used to make love

Girl I apologize

So girl I apologize
I need you in my life
I said some things I didn't mean
I take it back
I need another chance
I wanna be your man
I said some things I didn't mean
I take it back

We used to make love
Under the stars up above and
...a lot of fun
And in the heat of the night
She keeps me feeling alright yeah
I take it back

So girl I apologize
I need you in my life
I said some things I didn't mean
I take it back
I need another chance
I wanna be your man
I said some things I didn't mean
I take it back
