

# Any Minute Now

Trooper

Maybe you feel fine  
Right now  
Ain't ya got no heart  
What's wrong with you

It's a hit and run  
You left me reeling  
Ain't ya got no feelin'  
Doncha feel nothin at all

Any minute now  
Any minute now  
Any minute now  
You're gonna be sorry

It's not fair  
What ya done to me  
Doncha feel bad  
Doncha feel a little pain

It's just a matter of time  
It's comin'  
Pretty soon you're gonna feel  
Just as bad as me

Any minute now  
Any minute now  
Any minute now  
You're gonna be sorry

I can't believe it  
How can I trust anybody again  
You took what you needed  
And left me nothin' at all

And now you're acting  
Like we're the best of friends  
Didn't no one ever tell you  
It don't work that way  
It don't work that way...

Any minute now  
Any minute now  
Any minute now  
You're gonna be sorry...
