

# Everything You Want

Trooper

Take it easy  
You're drivin' me crazy again  
Try to believe me  
It's gonna pay off in the end

All the teenage fantasies  
Oh yeah  
It's gonna be alright

You're gonna get what you want  
Everything you want  
Everything you want  
Everything you want

Take it easy  
There's nothin' left for you to do  
Everything you ever wanted  
Is gonna come true, you

All the teenage fantasies  
Everything you  
Ever thought could be

You're gonna get what you want  
Everything you want  
Everything you want  
Everything you want

The situation's gonna pay off in the end  
Don't try to pretend  
It ain't gonna be easy

Situations pay off in the end  
It wouldn't be that rare  
It ain't gonna be easy, easy

Take it easy  
You're drivin' me crazy again  
Try to believe me  
It's gonna pay off in the end

All the teenage fantasies  
Everything you  
Ever thought could be

You're gonna get what you want  
Everything you want  
Everything you want  
Everything you want
