

Money Talks

Trooper

I don't need your sympathy
I need some money
Here I am busted in the land
Of milk and honey
I wanna be somebody
And I'd have to be crazy not to know by now

Money talks
Money talks
I hear it callin'

I'm not changin' my mind
I need some paydays
I wanna new job
Wanna drive the ladies
I'm gonna get a job
Some money
I don't like workin' but I wanna be free

Money talks
Money talks
I hear it callin' me
Money talks

Once I get it I can double it
Triple it
Never have to worry what to do with it
Money talks

I'll have another cigarette
And then I'm leavin'
I'm gonna be happenin'
As long as I'm breathin'
I'm gonna be somebody
I don't like workin' but I wanna be free

Money talks
Money talks
I'm gonna be somebody
And I'd have to be stupid not to know by now

Money talks
Hey, money talks
Money talks
And bullshit walks
Hey, money talks
I hear it talkin' to me
