

## Volunteer Victims

Trooper

People say it's my attitude  
They say my attitude is poor  
They say I don't wanna care about  
Anybody else any more

They don't listen when I tell them  
That I've been staying the same  
Holding my ground  
Watchin' them slippin' away

Somebody else, can be  
A volunteer victim, not me  
It all seems so easy  
But it's not for me

Well I'm all out of compromise  
And I don't wanna be victimized  
I still believe in miracles  
But I don't know why

There's nothin' wrong with dreamin'  
So long as you decide  
Between the one that you sleep through  
And the one that you ride

Somebody else can be  
A volunteer victim, not me  
It all seems so easy  
But it's not for me

Don't wanna spend my lifetime  
Livin' in a hive  
Yeah, barely alive  
'Cause you never can revive  
A volunteer victim

Somebody else can be  
A volunteer victim, not me  
It all seems so easy  
But it's not for me, it's not for me

Volunteer victims  
Walkin' in their sleep  
A volunteer victim  
Dead on their feet  
I never wanna be... never gonna be... one of them...
