

Waitin' On Your Love

Trooper

Waitin', waitin' on your love
Waitin', waitin' on your love

Starin' at the telephone, hopin' for a call
Hearing only silence, looking at the wall
Need some consolation, I'm left talking to myself
Like an unread novel growin' dusty on the shelf

Save some time for me
I've been waiting patiently
I've been wastin' all my time

Waitin', waitin' on your love
Waitin', waitin' on your love ...

Coulda got attention actin' like a fool
Holdin' back my feelings, I'm trying to play it cool
Hopin' that you'd notice me, why can't you realize
The lovin' that I've got for you ain't hard to recognize

Save some time for me
I've been waiting patiently
I've been wastin' all my time

Waitin', waitin' on your love
Waitin', waitin' on your love ...
