

Friday Forever

Trophy Eyes

Staring through a broken window
Looking at the snow-covered streets below
We don't have to stop right now
It only hurts when the night runs out
You said you're tired and you wanted to go home

Is this what the clouds feel like?
Never really happy just quiet and polite
Surrounded and lonely at the same time

Don't you wish it was Friday forever?
Don't you wish the sun never came up?
Don't you miss being day drunk together?
I'll still be waiting if you ever get stuck
Don't you wish it was Friday forever?
Don't you wish the sun never came up?
Don't you miss being day drunk together?
I'll still be waiting if you ever get stuck

Slow down, take a moment with me
You've got nowhere to go and I've got no one to be
Do you remember, how it felt when we were all together
Only ones left awake in the world, counting the stars

Is this what the clouds feel like?
Is this what the clouds feel like?
Is this what the clouds feel like?
Never really happy just quiet and polite
Is this what the clouds feel like?
Is this what the clouds feel like?
Is this what the clouds feel like?
Surrounded and lonely at the same time

Don't you wish it was Friday forever?
Don't you wish the sun never came up?
Don't you miss being day drunk together?
I'll still be waiting if you ever get stuck
Don't you wish it was Friday forever?
Don't you wish the sun never came up?
Don't you miss being day drunk together?
I'll still be waiting if you ever get stuck

Is this what the clouds feel like?
Is this what the clouds feel like?
Is this what the clouds feel like?
Is this what the clouds feel like?

(I'll be right here, waiting for you)
(I'll be right here, waiting for you)
(I'll be right here, waiting for you)
(I'll be right here, waiting for you)

(I'll be right here, waiting for you)
Is this what the clouds feel like?
(I'll be right here, waiting for you)
Never really happy just quiet and polite
(I'll be right here, waiting for you)

Surrounded and lonely at the same time
(I'll be right here, waiting for you)
