

# I Can Feel It Calling

Trophy Eyes

I woke up drunk in a cab out the front of my house  
"Hey man, this is your stop, yeah, it's time to get out"  
And what I wouldn't give to be standing at your door  
When I can't find the words to stop the hurting no more  
Through the nights I wake up alone in my sheets soaking wet  
To the sound of your voice saying "come home" still ringing in my ear  
And this world's got a funny way of being cruel to me  
Still I raise my chin and fuckin' eat it with a smile on my face

If you blink, you're gonna miss me  
If you blink, you're gonna miss me  
I'm gonna burn up in the atmosphere  
If you blink, you're gonna fucking miss me

Sometimes I forget my life is bigger than this city block  
But when I turn on south warren, I feel the curtains come up  
I can't shake the feeling if I can't run, I'll crawl  
Nothing can hurt me now I'm home-bound  
I said nothing can hurt me now I'm home-bound

Baby, why don't we get out of here?  
All I wanna do is take your hand and disappear  
(Disappear, just disappear)  
Baby, why don't we get out of here?  
All I wanna do is take your hand and disappear  
(Disappear, just disappear)

You never know what your heart's for until it breaks  
Well when you've got no one to mend it you're left with that empty space  
I got a song in my head for all of the places I've known  
I can hear you singing in the shower now, baby, I'm coming home

If you blink, you're gonna miss me  
If you blink, you're gonna miss me  
If you blink, you're gonna miss me, baby

Baby, why don't we get out of here?  
All I wanna do is take your hand and disappear  
(Disappear, just disappear)  
Baby, why don't we get out of here?  
All I wanna do is take your hand and disappear  
(Disappear, just disappear)

If you blink, you're gonna miss me  
If you blink, you're gonna miss me  
I'm gonna burn up in the atmosphere  
If you blink, you're gonna fucking miss me

Think of me when you're alone and you can't sleep  
I'm on the other side of the world doing the same thing  
Think of me when you're alone and you can't sleep  
I'm on the other side of the world doing the same thing

Day by day, worlds apart  
Wait for me, forget me not  
(Think of me when you're alone and you can't sleep  
I'm on the other side of the world doing the same thing)

Day by day, worlds apart  
Wait for me, forget me not  
(Think of me when you're alone and you can't sleep  
I'm on the other side of the world doing the same thing)
