

# All Day Long

## Trouble

I said all day long  
Got me thinkin bout my homies that are gone  
Got me thinkin bout Range Rovers, and livin lardge  
I just be thinkin bout, I just be thinkin bout it  
All day long

Every day, I be thinkin bout like 50 K  
Every day, I be thinkin bout the day I be on Jimmy' stage  
Every day, I be thinkin bout when I hit that boy with that K  
Thought I was be gone forever  
Every day, I think about my dogs with cases  
Every day, thinkin bout the ones I'm chasin  
Bills, tryna get a better deal  
Off of ten, just got for bustin with Chance and his partner  
Every day, I'm wondering, will I ever win, or take a loss  
Every day, I'm wondering how I can act so humble  
Bricks, I count 'm, even though my partner done stumbled

I said all day long  
Got me thinkin bout my homies that are gone  
Got me thinkin bout Range Rovers, and livin lardge  
I just be thinkin bout, I just be thinkin bout it  
All day long

So many feelings I don't wanna go through no more  
Got so much green, but I gotta take care of my folks  
And my bros know my heart pure, and that's what gon kill me  
Put my faith in the lord, only certain niggas get near me  
Trouble, I know you feel me, one of the closest people to me  
If we don't rap another up, what we goin be good at  
Trayvon wore a hoodie, cause it was cold outside  
That man was trigger happy, that why that young nigga died

I said all day long  
Got me thinkin bout my homies that are gone  
Got me thinkin bout Range Rovers, and livin lardge  
I just be thinkin bout, I just be thinkin bout it  
All day long

Wish I could take my mama pain away  
Wish I could give her my blood, save the day  
I wish judge call or something  
See, he ain't trippin, something wrong, maybe he'll change his ways  
Niggas change every damb day  
See they get jealous, turn fake  
They hopin you goin change your pace  
You never change, you play, they rearrange  
You want that change, they play, rearrange your safe  
Gotta get it till it's gone then  
Trouble, that my partner, he had that hustle, he was gone then  
But shit get so unfortunate  
Rocky told me to not spend that night, he was gone that morning

I said all day long  
Got me thinkin bout my homies that are gone  
Got me thinkin bout Range Rovers, and livin lardge  
I just be thinkin bout, I just be thinkin bout it

All day long
