#### Everyday

I get on my shit bruh, I'm at that cake  
I might get my dick sucked and watch the game  
Thinkin' 'bout my nigga, locked in that cage  
Bitch I'm at my neck in this shit, deep in the gang  
Fuck around and get wet out this bitch  
Watch where ya hang  
Anyway yeah this like everyday yeah

Thuggin' out strollin' just makin' my plays and  
Caught a lil bitch out the Serenade  
Man that little bitch is so irritating  
She callin' my phone, she so irritating  
She can't stay from round, she just can't  
I bring em everywhere cabanas  
I like the pants no MC Hammer  
Man these some pretty little dancers  
My family just life in the streets and the beat  
I might be Hot Sauce wit the handles  
Told 'em it's how do you handle the shit  
Your life like a eight in a Fanta  
No wonder when a nigga givin' you shit  
You treat a nigga like he Santa  
Project playa from Atlanta  
With the shit that's on my nana
