Uh-heh, uh-heh, uh-heh  
Man this my first day out in a minute

Think shit changed in the streets, if you ask me they're just m  
ore friendly now  
No stand up guys, get it [?] we gon' send 'em down  
And the truckloads comin' in, ain't no six, the same shit we ha  
d to bust for  
So I really ask myself to death, is this really what we all lus  
t for?  
Bands to throw (Throw it up, throw it up)  
Whips to boast (Pour it up, pour it up)  
Downright ammo, but it ain't come easy though

You think this come easy, don't you?  
What you think that I ain't have to work hard for this?  
You think money fall off trees or somethin'?  
What you think I ain't have to hit my knees or somethin'?  
Man I prayed every day n' night, day n' night  
Man I pray to get my paper right, my paper right  
Man I prayed every day n' night, day n' night  
Man I pray to get my family right, my family right, yeah

Dear God won't you save me, lead me, and guide me  
Divide me, from all these pussy ass niggas  
I pray daily, don't let 'em cross the line or try to play me  
OG from the start, I be like that until they lay me  
Down, in the ground, I'm talking' about six feet  
Just a short, fat, black nigga, went hard like I'm ten feet  
Sucka nigga, give me ten feet, I lay your ass in the street lik  
e a ten speed  
Live by the code, never fold, cross my niggas for nothin'  
I told KK, [?], and Trouble they gon' want for nothin'  
Just gotta pray to the Lord nigga and stay focused  
Took the tape nationwide, left these suckers local  
Left you local

You think this come easy, don't you?  
What you think that I ain't have to work hard for this?  
You think money fall off trees or somethin'?  
What you think I ain't have to hit my knees or somethin'?  
Man I prayed every day n' night, day n' night  
Man I pray to get my paper right, my paper right  
Man I prayed every day n' night, day n' night  
Man I pray to get my family right, my family right, yeah
