

Goin Home

Trouble

I'm goin' down to a place called Earth
It's where we all must come
Love is in the air, flowers in her hair
Your most passionate desires
I'm goin' home
I'm goin' home
I'm comin' in
From the ends of another world
Spirits are on the rise
Inspires to conceive
I'll never want to live
I guess the fire burns inside
I'm goin' home
I'm goin' home
I'm goin' down to a place called Earth
It's where we all must come
Love is in the air, flowers in her hair
Your most passionate desires
I'm goin' home
I'm goin' home
