CyHi!
Many rap niggas got us brainwashed
All they do is brag about what we ain't got
That ain't hot
I was a bus boy, I used to slang pot
Ride with the thing cocked
Hit the block with the heat, with the chopper, named Botch
Zukini in the street, cirtain shit you can't squosh
Tryna get the same watch Lil Wayne got
And bitches in the strip club chacin rain drops
Being a hoe is a thing that you can't watch
Trappin in the city, but you still in the same spot
You should be in Cali, but you still on the same block
