

## Scuse Me

### Trouble

`Scuse me - for the clothes I wear  
`Scuse me - how long is my hair  
`Scuse me - `cause I`m bein`real  
Ya may not like it but it`s way I feel

Hallucinations  
man they`re outta sight  
mirror is right you know  
but I still love you

`Scuse me - for livin` in the past  
`Scuse me - when your fads don`t last  
`Scuse me - `cause I choose to be blind  
ya may not like it though you really don`t mind
