

## The Beginning

## Trouble

see the face in the mirror of your dreams  
emptiness is all that's left  
sadness in your eyes  
take off your disguise  
how much longer can you hide the pain

Turn around look at what you see  
the world is fading away  
sadness is everywhere  
and living in despair  
how much longer can you stand the pain

there is a place  
that lives within our minds  
a world of human fantasy  
reach for the stars  
never look back again  
you've got nothing to lose  
everything to gain  
fly with me  
and what you see will be  
look upon your rainbow  
dream a dream  
don't let it slip away  
in your hands  
lies the birth of a new day.

when I look into your eyes  
the world is there for me  
and the more I look inside  
the more there is to see

sun shines all around me  
the light knows that I'm free  
make believe I'm everywhere  
believe you're here with me.

In the beginning... All is forgiven  
In the beginning... Time to start living  
In the beginning... All is forgiven  
In the beginning... Time to start living  
Oh yeah
