

Growing Pains

Trousdale

I feel it in my knees
Catching up to me each morning
I'm proud of how far I've come
But there's a long, long way to go

So, I run the extra mile
And I do it with a smile, no problem
I may not win the race, but
Steady and slow

I'm making it through the tough times
When it feels like I've been burning out
Trying to build up the muscle
So the hustle doesn't pull me down
I know that I should be seeing all the good
But it's all work, and it's no play
And there's too many growing pains
Growing pains, yeah

I'm taking out the trash
I'm learning how to crash my party
I don't need to feel so bad about it
It's my life, after all

I'm cashing in the checks
There's barely any left for saving
Am I closer to that moment
When it all makes so much sense?

I'm making it through the tough times
When it feels like I've been burning out
Trying to build up the muscle
So the hustle doesn't pull me down
I know that I should be seeing all the good
But it's all work, and it's no play
And there's too many growing pains
Growing pains, yeah

All work, and it's no play
And there's too many
Growing pains
All work, and it's no play
And there's too many
Growing pains
All work, and it's no play
And there's too many
Growing pains
All work, and it's no play
And there's nothing like

Making it through the tough times
When it feels like I've been burning out
Trying to build up the muscle
So the hustle doesn't pull me down
I know that I should be seeing all the good
But it's all work, and it's no play
And there's too many (growing pains)

All work, and it's no play
And there's too many (growing pains)
All work, and it's no play
And there's too many growing pains
Growing pains, yeah
Growing pains (all work, no play)
Growing pains (growing pains, yeah)
