

# Want Me Back

Trousdale

There's a hole in my chest  
There's a hole in my bed that you laid in  
All the things that we said  
All the hurt and regret keeps replaying

You said it's hard, said you're broke  
Said you loved till you choked  
We tried our best, I tried, you left  
And it's not meant to be  
But I wanna believe for a minute

Tell me that you want me back  
Say it doesn't end like that  
Look me in the eye and fool me (fool me)  
Yeah, I can live with that  
Tell me we were meant to be (tell me, tell me)  
Make a promise you won't keep (make a promise)  
Even if we end up fighting (fighting)  
For something that won't last  
Tell me that you want me back

There's a room in my head  
Full of questions you left with no answers  
It's a mess, but I know  
If you picked up the phone, I'd feel better

You said it's hard, said you're broke  
Said you loved till you choked  
I tried, you left

Tell me that you want me back (tell me, tell me)  
Say it doesn't end like that (say it doesn't)  
Look me in the eye and fool me (fool me)  
Yeah, I can live with that  
Tell me we were meant to be (tell me, tell me)  
Make a promise you won't keep (make a promise)  
Even if we end up fighting (fighting)  
For something that won't last  
Tell me that you want me back

Yeah, it's hard when I know  
I'm supposed to let go  
I'm gasping for air  
You used to be there for me  
Honestly, I just can't handle the truth

Tell me that you want me back  
Say it doesn't end like that  
Look me in the eye and fool me (fool me)  
Yeah, I can live with that  
Tell me we were meant to be (tell me, tell me)  
Make a promise you won't keep (make a promise)  
Even if we end up fighting (fighting), trying  
For something that won't last  
Tell me that you want me back
