

# Do Betta

Troy Ave

[Hook x2 - Ty Dolla \$ign:]

I ain't into playin' games and fuckin' up your world, baby  
I ain't 'bout to tell you that I'm lookin' for a girl, baby  
You should fuck wit' me, you should fuck wit' me  
You should fuck wit' me, you should fuck wit' me  
You should fuck wit' me, you should fuck wit' me  
Cause if you knew better, you'd do better

[Verse 1 - Troy Ave:]

Shouts to all the real bitches, cause I know you [?]  
You ever find out a nigga fake, but it's too late?  
[?] freckles and some daisies, her head game was crazy  
Fuck around till she got pregnant with a baby  
Baby daddy a sucker, who scamming and flossing  
Broke the condom knowing she ain't down with abortion  
Her mama said keep it, that's against our religion  
And if your father was alive you know he would be with it  
So she birthed the boy, named him after her daddy  
Used to have a little bubble, now a full blown fatty  
So she [?], a nigga too controlling  
She grabbed her old phone, plugged it in and got to scrolling  
You know them Ts way down  
Emoji with the smiley face, look who I found  
I'm like ay yo, who this? [?] date one bitch  
My baby daddy a dick and you the one that I miss  
For real

[Hook x2 - Ty Dolla \$ign:]

I ain't into playin' games and fuckin' up your world, baby  
I ain't 'bout to tell you that I'm lookin' for a girl, baby  
You should fuck wit' me, you should fuck wit' me  
You should fuck wit' me, you should fuck wit' me  
You should fuck wit' me, you should fuck wit' me  
Cause if you knew better, you'd do better

[Verse 2 - Troy Ave:]

My little ran away girl, had her since 19  
I wasn't rapping, I was selling coke and crack on the scene  
Dope boy Troy slash Benzo Rowan  
A pretty great fund with this pretty thing going  
Whatever I want, she do whatever I want  
She only know to say yes, she know better to front  
My other bitch was annoying, she don't give me no [?]  
Smoking blunts in the sport down to Baltimore Harbor  
Put a pair of wings on it, nigga she knew  
People stressing, goons pressing, she ain't give up her boo  
She said them niggas pussy, you should give them some too  
I'm like girl I'm just tryna give this dick to you  
And my love to you, plus my loyalty too  
I had girl, she had a baby daddy, both them through  
We still strong, for all this long  
So to you I had to dedicate this song

[Hook x2 - Ty Dolla \$ign:]

I ain't into playin' games and fuckin' up your world, baby  
I ain't 'bout to tell you that I'm lookin' for a girl, baby  
You should fuck wit' me, you should fuck wit' me

You should fuck wit' me, you should fuck wit' me  
You should fuck wit' me, you should fuck wit' me  
Cause if you knew better, you'd do better
