

## Even With You

Troy Ave

Dedicated to the real ones who helped me on my feet

Now baby I don't have everything, but you my everything, it's true

On second thought I take that back, can't debate that fact, I got everything 'cause I got you

And I swear, to love you forever and you don't need a wedding band, you got me

For better or for worse, boy is at his worst, help me forget about the dirt, so I know you got me

And I swear, I swear, I can never get even with you

And I swear, I swear, I can never get even with you

Now mama I don't have everything, but you my everything, it's true

On second thought I take that back, can't debate that fact, I got everything 'cause I got you

And I swear, to love you forever and you don't need a wedding band, you got me

For better or for worse, boy is at his worst, help me forget about the dirt, so I know you got me

And I swear, I swear, I can never get even with you

And I swear, I swear, I can never get even with you

Dope boy track can't get even with you

Came through all type of seasons with you

Put our first song in a jack to the ground

We done came up but I know you been down

Quick pay the nigga bail, held guns for him

Countin' racks in the motherfuckin' slums for him

You knew that I was goin' to the top

You know ya boy wouldn't stop now I'm ridin' a drop

Foreigns when I roll, and I ain't never sell my soul

Fastlane speedin' through the toll

And gettin' money so Lenny got mo

Nigga that's a fact tho

Dope boy Troy Ave with the cash flow

Bakin' what a whip, wet again, hat low

Out the trap flow, I was that low, made it back though

And I swear, baby I don't have everything, but you my everything, it's true

On second thought I take that back, can't debate that fact, I got everything 'cause I got you

And I swear, to love you forever and you don't need a wedding band, you got me

For better or for worse, when your boy is at his worst, help me forget about the dirt, so I know you got me

And I swear, I swear, I can never get even with you  
And I swear, I swear, I could never get even with you
