

Move That Dope

Troy Ave

Young nigga move that dope,
Young nigga move that dope
Nigga, you that dope
Nigga, who that dope?
Howl, nigga move that coke!
Young nigga move that dope,
Young nigga move that dope
Nigga, you that dope
Nigga, who that dope?
Howl, nigga move that dope!

Young nigga, move that dope
Shit, I really move that coke, for real
Rappers be rapping and rapping and acting
And rapping and bagging them still.
Old facts, no lesson
Most stacks of the compressor
Red [?] Annie Franklin
Guess I'm not AK
Revolving clocks when we spray
Amongst each other when we play
Amongst others when we safe
Not a word, [?] clowns
I do not want your fake hugs and pounds
What you want? I got judge around
White powder, more cops around
White power, no cops around
Money and respect when I touch you down
Whole sail and I bust you down
I'm a dope dealer, can't pin no crown
New York is my fucking town, two folks when I'm melting down
Hey yo, hey bro, free my nigga Jay-O!

Young nigga move that dope,
Young nigga move that dope
Nigga, you that dope
Nigga, who that dope?
Howl, nigga move that coke!
Young nigga move that dope,
Young nigga move that dope
Nigga, you that dope
Nigga, who that dope?
Howl, nigga move that dope!

I talk that, cause I live that
It's a fact, dwag, that I did that
You chuck niggas need to get back
Nigga, back, back!

Back bitch back and forth
Major without a deal coming soon
I guarantee it's gonna be all the [?]
I know I never plan this!
Now I put the facts
We're putting facts here.
Men do what they say and say what they mean
I came in the game to stand out, not to fit in

This why everything I've been doing has been outstanding
Stop me when I'm lying!
Lord, forgive me! Houdie [?]
Free my homie Jay O!
They jailed him up in a Commonwealth State
Real dope boys for real!
