

# Thinking About You

Troy Ave

All the feds ran up the ray  
My room before you came  
Acused me of cocaine distribution off those damn knees  
Niggas they tell low in you too day time short  
My eyes don't shed tears I'm a kill all them  
I'm thinking about who  
Gonna die bye bye  
I'm just thinking about who  
Gonna die bye bye  
I'm just thinking about who  
Who it is that uhmm,  
I'm a kill with my ruger, uh ye

They ain't found shit so far  
Ain't nothing else 'cause I know better  
And they ain't found shit in my clothes  
'Cause I kept everything safe

I really like you and I thought you were cool and oftenly kicki  
ng  
When I leavin you be all up inside my phone,  
Never said I loved you I just thought you was cute till I saw i  
ssues  
That chance while you think I'm a chase and hoes I'm lying down  
Picking you through, but you don't know so don't  
I ain't fucking with you, but you don't know so don't  
I ain't fucking with you, bet you think about them still  
Do you, do you

They ain't found shit so far  
Ain't nothing else 'cause I know better  
And they ain't found shit in my clothes  
'Cause I kept everything safe

I remember how could I forget how you feel  
You know you were my first girl, a new feel  
And it don't ever get older at the soul of it  
We can keep a low fire  
Rocks is getting sold to people over colors you know black and  
white

They ain't found shit so far  
Ain't nothing else 'cause I know better  
And they ain't found shit in my clothes  
'Cause I kept everything safe
