

Same

Troy Cartwright

Not much baby how bout you
Glad you called what you been up to?
You know me, ain't nothin new
I'm just a creature of habit

You say you were just scrolling through your phone
Havin a drink at the house alone
You got to wonderin how it all went wrong
And wishin it hadn't

Same
Thing I've been doin
Since it all went up in flames
Yeah, same whiskey I've been shootin
Since we poured us down the drain
Are you up late
Cause you can't sleep
Does your heart ache
For some used to be
You say you'd feel a lot better
If we put it back together
Like nothin really ever changed
Same
Same
Same

You say you think about us all the time
Keep talkin girl you're readin my mind
You're wishin that we never said goodbye
Well right back at ya yeah it just so happens
That's the

Same
Thing I've been doin
Since it all went up in flames
Same whiskey I've been shootin
Since we poured us down the drain
Are you up late
Cause you can't sleep
Does your heart ache
For some used to be
You say you'd feel a lot better
If we put it back together
Like nothin really ever changed
Same
Same
Same
Same
Same

Missin you same
Wishin I was kissin you same
If you're thinkin you'd do it all different and
Sorry's all we need to say

Same
Thing I've been doin

Since it all went up in flames
Same whiskey I've been shootin
Since we poured us down the drain
Are you up late
Cause you can't sleep
Does your heart ache
For some used to be
You say you'd feel a lot better
If we put it back together
Like nothin really ever changed
