

Dhunga

TroyBoi

She got a look in them eyes that be sinister
But once I get right inside, I'ma finish her
We gon' be here for some time, get your minutes up
Imagine if you had a clone, we could call your sister up
Lemonade, two shots of the gin
Do you like me or my best friend?
I'm outside, but I like when it's in

Girl, you crazy, but you know I love it when you shake that dhunga
Dhunga, dhunga
Dhunga, dhunga
Dhunga, dhunga
I beat her body like a conga
Conga, conga
I love it when you shake that dhunga, dhunga
Dhunga, dhunga, dhunga, ayy

She the one that got me in the party
Stunting like a youngin, like I'm growing up and Gotti
Back and forth, I toss 'em like a volley
She gon' take this dick and break a sweat like she on molly
Got her moving fast like Maserati
I don't know about her nature, but I like to get her naughty
I don't know about her plans or her options
But I know the best is that she fuck around with Robbie

Dhunga, dhunga, dhunga, dhunga, dhunga, dhunga
She move her body to the
Rumba, rumba, rumba, rumba, rumba, rumba
She make me wanna stay a lil'
Longer, longer, longer, longer, longer, longer
I beat her body like a
Conga, conga, conga, conga, conga, ayy

I love it when you shake that dhunga
Dhunga, dhunga
Dhunga, dhunga
Dhunga, dhunga
I beat her body like a conga
Conga, conga
I love it when you shake that dhunga, dhunga
Dhunga, dhunga, dhunga, ayy

She exotic
And I wanna get to know her, but in private, hey
She oochie-walling
And I see just how she moving she could ride it, hey
She gon' do the most when we toast
I wanna see that thing when she go touch her toes
Litty off the drink and the smoke
She talk about her throat, she the G.O.A.T

Love it when she move her
Dhunga, dhunga, dhunga, dhunga, dhunga, dhunga
She move her body to the
Rumba, rumba, rumba, rumba, rumba, rumba
She make me wanna stay a lil'

Longer, longer, longer, longer, longer, longer
I beat her body like a
Conga, conga, conga, conga, conga, ayy
I love it when you shake that dhunga
Dhunga, dhunga
Dhunga, dhunga
Dhunga, dhunga
I beat her body like a conga
Conga, conga
I love it when you shake that dhunga, dhunga
Dhunga, dhunga, dhunga, ayy

Move forward, then rewind up in here
Wanna make you feel it in your spine up in here, hey
Move forward, then rewind up in here
Wanna make you feel it in your spine up in here, hey
