

Eyez on Me

TroyBoi

All the girls got they eyes on me
Fellas got they eyes on me
With that x-ray vision
Burning through the light

All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me

All the girls got they eyes on me
All the girls got they eyes on me

All the girls got they eyes on me
Fellas got they eyes on me
With that x-ray vision
Burning through the light

All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me

Watch you undress me with those eyes
Won't you come closer to my side
Baby, come over
Let the feeling take over
Watch you undress me with those eyes
Won't you come closer to my side
Baby, come over
Let the feeling take over, over

All the girls got they eyes on me
Fellas got they eyes on me
With that x-ray vision
Burning through the light
All the girls got they eyes on me
Fellas got they eyes on me
With that x-ray vision
Burning through the light

All the girls got they eyes on me
All the girls got they eyes on me

Eyes on me
With that x-ray vision
Burning through the light
Got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
Got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me

Now break it down

All the girls got they eyes on
All the girls got they eyes on me
All the girls got they eyes on
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me
All the girls got they eyes on me

Now break it down

Eyes on me
Eyes on me
They got they eyes on me
They got they eyes on me
