

Her

TroyBoi

There's so much tension
Why do I have to compete for his attention?
(But she's pulling him away from me)

Why would you choose her when you had me?
Do you know how I feel? Oh feel?
(Why her?)

She is special, boy
(Why her?)
Could've gone for anyone but
(Not her)

You know it kills me when
(You're with her)
Always told me not to worry
(About her)

'Cause she is special, boy
(Why her?)
Could've gone for anyone but
(Not her)

You know it kills me when
(You're with her)
Always told me not to worry
Why her?

Why her?
Why her?
Why her?
Why her?
Always told me not to worry
Why her?
Why her?
Why her?
Why her?

Why would you choose her when you had me?
Do you know how I feel? Oh feel?
(Why her?)

She is special, boy
(Why her?)
Could've gone for anyone but
(Not her)

You know it kills me when

Always told me not to worry

'Cause she is special, boy

Could've gone for anyone but
