

Spooky

TroyBoi

This shit ain't normal
This shit is twisted
I'm running backwards
Gotta revisit
But this is just human nature
Endorphins running through my veins
This shit ain't normal
This shit is twisted
Yeah

No it don't matter what the day is
Cause we far from strangers
All the sex so dangerous
Oh baby it's just a matter of time till we
Aye
Turn the room upside down
Like two kids in a playground
But I can't trust a thing that you say now girl
Oh why you gotta act so damn

Spooky
Why you gotta act so damn
Spooky
Tell me why you gotta act so damn
Spooky
Why you gotta act so damn
Spooky
Tell me why you gotta act so damn

Yeah
We keep it low down
Nobody know now
I just can't right these wrongs
Yeah
Now this a showdown
Yeah, yeah
Oh I just be acting stupid
And now we do this on the regular
You got me playing so foolish
And now I'm doing everything I said to ya

No it don't matter what the day is
Cause we far from strangers
All the sex so dangerous
Oh baby it's just a matter of time till we
Aye
Turn the room upside down
Like two kids in a playground
But I can't trust a thing that you say now girl
Oh why you gotta act so damn

Spooky
Why you gotta act so damn
Spooky
Tell me why you gotta act so damn
Spooky
Why you gotta act so damn

Spooky
Tell me why you gotta act so damn

You ask me out like I'm drinking drinking all night
From the bottle baby
You bring this side out of me
I don't wanna know, wanna see ya
You got me faded, all that sex in my bloodstream darling
Girl you're fucking me up
Oh why you gotta act so damn

Spooky
Why you gotta act so damn
Spooky
Tell me why you gotta act so damn
Spooky
Why you gotta act so damn
Spooky
Tell me why you gotta act so damn
