

Gasoline

Troye Sivan

Am
I smell heartbreak on my hands
C **G** **F**
I feel sick to my stomach as I begin to stand
Am
I see your outline in my bed
C **G** **F**
In the same spot I watched him rest his head

Am
I've done you wrong, I regret it
C
I write this song, trying to forget it
G
I feel this emptiness in my chest
F
I feel surreal but im feeling stressed

Am
I need to do something
C
I fucked up for nothing
G
Now I gotta just tell someone
C
Tell someone what I've done

Am **C**
Please bath me now
G
Wash me clean
F
Just set my heart on fire
Am
Like gasoline (2x)

Am **F**
Oh no, like gasoline

Am
I wake up, the morning after
C
You call but I don't answer
G
And I cant look you in the eye
F
No matter how hard I try

Am
You deserve a forever
C
Not a boy, looking for better
G
But as long as you're still here
F
I will try to keep you near
