Troye Sivan

You're a revelation  
Won't you liberate me now  
From a holy bound  
You're a revolution  
I will liberate you now  
As the walls come down

It's a rocky road to say  
Maybe I won't go  
Hey dear, you're a wrecking ball  
You're here crushing all I'm told

Ever I roam  
Ever I roam  
Further from home  
Your hand I know

It's a revelation  
There's no hell in what I found  
No kingdom shell  
How the tides are changing  
As you liberate me now  
And the walls come down

'Til the end  
It's a rocky road to say  
Maybe I won't go  
Hey dear, you're a wrecking ball  
You're here crushing all I'm told

Ever I roam  
Ever I roam  
Further from home  
Your hand I know  
Ever I roam  
Ever I roam  
Ever I roam
