

You'll Never Change

TRU

(Master P)

Sometimes i feel like we all losin
We probly was born losas ya know what I'm sayin?
They tell us to make a change and all
we make a change try to do the right thing
and they still treat us like criminals
And they'll treat us like...
like we don't mean nothin to society
you know.... like....like if you black you just be

(chorus)

They say your never gonna change
think that your gonna stay the same
your beein the one that they blame
Lord, how can i explain
knockin you from ?????
and please for me lord make them stop
and try to help them out the game
cause lord i can't feel this pain

(DIG)

I think its time for a change
it seems that I'm stuck in this game
this cold hearted world got a nigga feelin the pain
i can't explain how i live my life
i keep my mind on six figures
and try to keep it tight
I'm stressin in the ghetto
and i don't know
should i hold on.. or let go?

but its damn sure like
grabbin a blunt, sayin lets blow
nigga you know wassup
man i gotta be real
cause in this muthafuckin place niggas gotta have skill
my episeris keep my mind on top of the night
I'm seen spys, so I'm no longer father figure tonight
everytime i look up, somebody die
I'm wonderin why
is it because they live they life as a ????
won't you change my... ghetto ways
cause I'm tired of livin in the last days
but always on my knees as i pray
screamin from the top of my voice
'Lord Save Me'

(chorus)

(Mac)

Look in my eyes, and tell me you see a bright future
Since its a angle of a stranga it might suit ya
there's so many words
i wish that i could change the way the way we was raised
we were ???????? and got enough nerve to hate gays
maybe i neva undastud life for what's its worth
i never liked church
but i hit the streets and sold my dirt
but I'm not a heeden
cause i know what i believe in
would i fall short of glory
for some fucked up weed n'
this open up the question

yo were those you're wordz

or was it somethin man made up to calm my nerves

well if i didn't walk fo eva

tell me where will i go

we all ???? i just wanted ta know

(ya heard me)

(chorus)

(MasterP)

it ain't no justice, ain't no peace

see mama gotta eat

Panmdrap to da police in my ?????? st.

i was born a hustler, probly gone die a thug

grew up in the projects, seein my people on drugs

society throwin slang tellin me we all equal

But fuck da world, nobody gone help ma people

and they... label'd me crazy since i dropped out of college

but you can't live in the ghetto, wit only book knowledge

a bunch'a broken homes

a bunch'a crack babies

black on black crime

damn this shit is drivin me crazy

i can't sleep at night

i went about the game

and if i don't make it, atleast i tried to change

They say your never gonna change

think that your gonna stay the same

your beein the one that they blame

Lord, how can i explain

knockin you from ?????

and please for me lord make them stop

and try to help them out the game

cause lord i can't feel this PAIN
