

10:26

True North

10:26, bottom of my cup
That's when I get the text
You're parked and walking up
Stay fast asleep
That's how you drove so quick
I could never sleep
That's why I look like sh...

Can't bring myself to move
When I finally do
You're covered in the rain
But you watched as I withdrew
10:48, that's when your truth escapes
(That's when I looked away)

'Cause I'm done
I can't watch another bridge burn
Now I'm wondering how I got so numb
I don't know what I'm running from
I can't let you in, but I can't let you go

12:33, the minutes start to bleed
Flipping through the channels while you lay across me
You were fast asleep in a fairy dream
I could never sleep, so I let my thoughts free

Can't bring myself to move
'Cause when I finally do
You'll wake up in a lonely place
Disguised as just my room
2:56, did I just start to drift?
I'd kill to fall into the darkness

'Cause I'm done
I can't watch another bridge burn
Now I'm wondering how I got so numb
I don't know what I'm running from
I can't let you in, but I can't let you go

I can't let you in, I can't let you in
I can't let you in, but I can't let you go
I can't let you in, I can't let you in
I can't let you in, but I can't let you go

'Cause I'm done
I can't watch another bridge burn
Now I'm wondering how I got so numb
I don't know what I'm running from
I can't let you in, but I can't let you go

I can't let you in, I can't let you in
I can't let you in, but I can't let you go
I can't let you in, I can't let you in
I can't let you in, but I can't let you go
I can't let you in, I can't let you in
I can't let you in, but I can't let you go
I can't let you in, I can't let you in

I can't let you in, but I can't let you go
I can't let you in, I can't let you in
I can't let you...
