

I think you've got something special
I'm finally letting you in
But you've got something you won't admit
Is hiding underneath the skin

Now that you've got me in your grasp
I'm breaking down your walls
And you can't hide who you really are
You think you've got control
You think that I don't know
But you can't hide who you really are

I wouldn't call it addiction
I wouldn't call it love
But as long as you're in my blood
I can't exactly say it's not

Now that you've got me in your grasp
I'm breaking down your walls
And you can't hide who you really are
You think you've got control
You think that I don't know
But you can't hide who you really are, oh

Hit me when I'm down
You only show your face when I'm down
Lift me up when I'm feeling down
When you're gone, I fall back down
Hit me when I'm down
(Something that you won't admit)
You only show your face when I'm down
(Is hiding underneath your skin)
Lift me up when I'm feeling down
(Something that you won't admit)
When you're gone, I fall back down

Now that you've got me in your grasp
I'm breaking down your walls
And you can't hide who you really are
You think you've got control
You think that I don't know
But you can't hide
Can't hide who you really are

Can't hide who you really are
