Truly

Where are you now about this time?
Rivers rolling along
Desperately waving good bye
Is it really?

Premonitions
I'm seeing
Apple object
Young and fine
Incantations
Over flowing to
The sea of neon lights

No where tonight in this whole city's as bright

As this hotel bathroom sanctuary
Starers staring very scary
Is it really real?

Premonitions
I'm feeling
Electrocution
Twenty five
Other directions
Worth going in
The sea of neon lights

Here we go, here we go another long hot summer

Armless plaster roman sculpture
Walking slowly towards the ocean
Is it really really real?

Premonitions
I'm feeling
Electrocution
Twenty five
Other directions
Worth going in
The sea of neon lights
