I would fade away
If not for you today
And I would fall
If not for you
Our circles meet
Where it runs through

Keep me strong
I feel needed

And I would fall
If not for you
Our circles meet
Where it runs through

Keep me strong
I feel needed

And I can feel
Come in our own
It makes it real
Never alone

Find me a way
Keep me strong
Take me away
You're needed

I would fade away
If not for you today
