

## Shoom

Trust

I wish I could eat your sun as  
I see you in a model light as  
curse your chance to softly  
may pick it up and waste of time fuck  
I wish to go life spend making  
that's a golden heights  
I wish for a second best  
it's all that's set in time  
In here sit inside  
your simple side  
your simple side's in me.  
in her miss assign  
this can't be mine  
this can't be right  
it's in me  
thinner curate side  
this simple side

old words in the sun  
this can't be right,  
this can't be right  
It's in me  
They know I scream it whoa oh oh  
they know I screamed it whoa oh oh  
sometimes it go x 8  
whoa oh oh x 2  
Why push away me, push away it could,  
Push away life, oh shoom  
Why push away me  
push away it could, push away life  
Why push away me, push away it could,  
Push away life, oh shoom  
Why push away me  
push away it could, push away life
