

RnB Love

Truth Hurts

I've been through it all
But I refuse to get used to it
I had enough of all that funny shit
And I deserve so much better
And I know now more than ever before
That after all the pain
There's clarity to gain, yeah

We'll dance again
Making love on the dance floor like we used to
Real love will win
I believe that's the song that we need right now

I believe, I believe love can feel like an RnB song
Love can be so much more even when you're done wrong
I believe, I believe love can feel like an RnB song
I believe, I believe love can feel like
Do you believe, do you believe love can feel like, yeah, yeah

You should hear love on the radio
Like a feeling we don't know no more
I bet your daddy loved your mama though
Like a love you never knew before

We'll dance again
Making love on the dance floor like we used to
Real love will win
I believe that's the song that we need right now

I believe, I believe love can feel like an RnB song
Love can be so much more even when you're done wrong
I believe, I believe love can feel like an RnB song
I believe, I believe love can feel like
Do you believe, do you believe love can feel like
I believe, I believe love can feel like
Do you believe, do you believe love can feel like
I believe, I believe love can feel like
Do you believe, do you believe love can feel like

I believe in love, real love, feel love
If it ain't RnB then it's not the love for me
