

# Along the Lines

Tryhardninja

Hey, there boys and girls  
I bet you never heard about  
This website we called YouTube  
It was this place where anyone  
Could upload any video  
From cat attacks to Pew News  
The content wasn't always good  
Not produced like Hollywood  
And certainly wasn't always smart  
Memes, reactions, funny trolls  
Sometimes cringy, but gosh darn it  
It was ours

Then somewhere along the lines  
That spirit was cast aside  
The "You" in YouTube  
Turned to a Bollywood sign  
Because we all didn't subscribe  
To PewDiePie

Big budget shows  
Conans, show mans, daily shows  
And Jimmy Kimmels  
First, the takeover was slow  
Lost the home page long ago, that stung a little  
But then a bigger threat on the horizon  
Arrived and made us weary  
That's when they fed the "You" in YouTube for some cash  
To a giant called T-Series

Yeah, somewhere along the lines  
That spirit was cast aside  
The "You" in YouTube turned to a Bollywood sign  
Because we all didn't subscribe to PewDiePie

We could have fought  
We could have tried  
We should have subscribed to PewDiePie

But somewhere along the lines  
That spirit was cast aside, yeah  
The "You" in YouTube turned to a Bollywood sign  
Because we all didn't subscribe to PewDiePie

Subscribe to PewDiePie  
Subscribe to PewDiePie  
Because we all didn't subscribe to PewDiePie
