

Brought This On Yourself

Tryhardninja

That's a really fine desk and security suit
Got a couple of screens but we're watching you too
You got here in one piece but might leave here in two
Tonight...
Must have heard all the tales going round about this place
Scary headlines in bold but you came anyway
It's a really bad move but you're welcome to stay
And survive

This hell
Na na na na
Oh well
Na na na na
There's no one coming to help
And you brought this on yourself
Na na na na
This hell
Goes on and on
Laid your head where your nightmare dwell
You brought this on yourself

Check the clock and you think
Why's is moving so slow?
Already in your mind
And you don't even know
Now you're just one of us
No one here coming home
Tonight...
To stay you must have reasons
But all we care about are your screams in

This hell
Na na na na
Oh well
Na na na na
There's no one coming to help
And you brought this on yourself
Na na na na
This hell
Goes on and on
Laid your head where your nightmare dwell
You brought this on yourself

And here you are
Ignored the warning signs
Oh-oh
You brought this on yourself
And there you go
Out gambling with your life
Oh-oh-oh
You brought this on yourself

(Na na na na)
(Na na na na)

You choose to create us
There is no one else to blame

Or you came to save us
There is no one else to blame
Took a job to get paid
There is no one else to blame
Or you played the game

This hell
Na na na na
Oh well
Na na na na
There's no one coming to help...

This hell
Na na na na
Oh well
Na na na na
There's no one coming to help
And you brought this on yourself
Na na na na
This hell
Goes on and on
Laid your head where your nightmare dwell
You brought this on yourself

And here you are
Ignored the warning signs
Oh-oh
You brought this on yourself
And there you go
Out gambling with your life
Oh-oh-oh
You brought this on yourself
