

Calling All Ghosts

Tryhardninja

Stand as brothers persevere
Strike in silence disappear

Welcome to a new battleground
Pitch black covered in secret
Don't look they are everywhere
But nobody sees them
Protecting serving and striking fear
Pledge allegiance to the flag and disappear

Calling all ghosts
We stand as brothers
Calling all ghosts
Solemn truths that we uphold
Calling all ghosts
All we have is each other
Calling all ghosts
Invisible to the world

When the flames annihilate
Wash over the masses
You can always find them there
Haunting through the ashes
Give your life to serve no turning back
All emotions tucked away behind the mask

Calling all ghosts
We stand as brothers
Calling all ghosts
Solemn truths that we uphold
Calling all ghosts
All we have is each other
Calling all ghosts
Invisible to the world

Stand as brothers persevere
Strike in silence disappear

Calling all ghosts
We stand as brothers
Calling all ghosts
Solemn truths that we uphold
Calling all ghosts
All we have is each other
Calling all ghosts
Invisible to the world

We stand as brothers
(We stand as brothers)
Solemn truths that we uphold
(truths that we uphold)
All we have is each other
(All we have is each other)
Invisible to the world
(Invisible to the world)
