

# Can I Survive

Tryhardninja

My blurred vision is clearing  
Now I can see the blue sky  
And feel my sand beneath my feet  
I'm a defenseless intruder  
In their prehistoric life  
Nobody to look out for me

I struggled through the growing pains, pains, pains  
Become the hunter not the prey, prey

Stranded in the strange new land  
Can I survive?  
Build a life with my bare hands  
Can I survive?  
Can I, can I  
Can I, can I  
Can I survive?  
Can I, can I  
Can I, can I  
Can I survive?

(Eh, eh, eh, eh, eh)

Everyday is a battle (yeah)  
I fight with the elements (ayo)  
A campfire warm my icy bones  
The dark jungle is violent  
But I gotta take a chance (eh, eh, eh, eh, eh)  
And search another zone

Got bows to craft and beasts to tame, tame, tame  
Become the hunter not the prey, prey

Stranded in the strange new land  
Can I survive?  
Build a life with my bare hands  
Can I survive?  
Can I, can I  
Can I, can I  
Can I survive?  
Can I, can I (eh, eh, eh, eh, eh, eh)  
Can I, can I  
Can I survive?

Each day passes  
I'm reinforcing my base  
I used to run  
Now it's them who are afraid  
My skills evolving  
Like birds I fly through the sky  
I will survive  
I will survive

(Eh, eh, eh, eh, eh)

Stranded in the strange new land  
I will survive

Build a life with my bare hands  
I will survive  
Can I, can I (eh, eh, eh, eh, eh, eh)  
Can I, can I (eh, eh, eh, eh, eh, eh)  
Can I survive?  
Can I, can I  
Can I, can I  
Can I survive?
