

# Dominoes

Tryhardninja

A part of something greater  
The pride of industry  
Or just another brick they laid  
To build the factory

Today we turn in harmony  
The motor running clean  
But what happens when the gears  
Get sick of the machine?

Keep falling down dominoes  
Who are the ones in control?  
Cars on a rail restless souls  
All we leave behind is smoke

As the wheels go  
Ooh ooh ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh ooh ooh  
It's a train headed off the tracks

There's safety in numbers  
But there is also strength  
And there are more of us  
Then there will ever be of them

A workforce slowly drowning  
The tired becoming sick  
Black air blows out the chimney's  
From the fuse already lit

You rest your head on dynamite  
So you'll wake and atone  
For every little finger  
That gets worked to the bone

Keep falling down dominoes  
Who are the ones in control?  
Cars on a rail restless souls  
All we leave behind is smoke

As the wheels go  
Ooh ooh ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh ooh ooh  
It's a train headed off the tracks

Ooh ooh ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh ooh ooh  
It's a train headed off the tracks

It's raining It's pouring  
On top this sinking boat  
We're taking on water  
This town won't stay afloat

They still wave their proud flag  
A clever disguise  
But once you look closer

A change grows inside

Keep falling down dominoes  
Who are the ones in control?  
Cars on a rail restless souls  
All we leave behind is smoke

As the wheels go  
Ooh ooh ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh ooh ooh  
It's a train headed off the tracks

Ooh ooh ooh ooh ooh ooh ooh  
Ooh ooh ooh ooh ooh ooh ooh  
It's a train headed off the tracks
