

Free Hugs

Tryhardninja

You are my purpose
And I know that you're worth it
I can tell this for certain
I was built for your embrace
I'm your blue fuzzy buddy
With long arms made for snuggling
Now let's get Huggy Wuggy
There's no need to hesitate

'Cause I could just hug you here
Forever, forever
Till you breathe your last breath
Together, together
So stay still while I give you these

Free hugs for the ones I see, ones I see, ones I see, free hugs
For the ones I find, wanna try? Best part is they're free
You don't have to go, get real close and I can guarantee
You never had a hug, quite this snug till you get one from me

No time for wasting
Sick and tired of the chasing
I've been waiting so patient
With a smile and open arms
And my teeth sharp and ready
In my grasp, yeah, they're deadly
Let me hold you already
Find my way into your heart

'Cause I could just hug you here
Forever, forever
Till you breathe your last breath
Together, together
Stop running, you'll miss out on your

Free hugs for the ones I see, ones I see, ones I see, free hugs
For the ones I find, wanna try? Best part is they're free
You don't have to go, get real close and I can guarantee
You never had a hug, quite this snug till you get one from me

Plastic eyes, but they're watching you
Running 'round in a darkened room
Make a friend, I will be there soon
Sink my teeth in and you're consumed, me and you
Everyone knows Huggy Wuggy gives the bestest hugs
Everyone knows Huggy Wuggy gives the bestest hugs
Once I get my hands on you, I won't let go because
Everyone knows Huggy Wuggy gives the bestest hugs
You look like you could use a hug
Everybody needs a hug
So stay still while I give you these

Free hugs for the ones I see, ones I see, ones I see, free hugs
For the ones I find, wanna try? Best part is they're free
You don't have to go, get real close and I can guarantee
You never had a hug, quite this snug till you get one from me

Free hugs
Free hugs
Free hugs
So stay while I give you these free hugs
