

Get Over It

Tryhardninja

I'm standing on the edge of glory blocked by obstacles
Both my legs in a cauldron and I need a miracle
I feel the wind against my chest as I begin the climb, climb, c
limb

I'm a man, a man man man, a man fighting gravity
And I can, I can can can, I'll stand at the top of the heap

I hear you crying that it's too hard
Get over it, get over it, get over it
Stay strong like my abs and you'll go far
Get over it, get over it, get over it

My biceps like a hammer, mountain shakes with every strike
Some say it's really stupid but I'm not that type of guy
The zenith is my reason, I'll take my place in the sky, sky, sk
y

I'm a man, a man man man, who's nemesis right now is a rake
And my tan, my tan tan tan, will shield my mind from going insa

I hear you crying that it's too hard
Get over it, get over it, get over it
Stay strong like my abs and you'll go far
Get over it, get over it, get over it

Hey, hey, hey, hey
Get over it, get over it, get over it
Hey, hey, hey, hey
Get over it, get over it, get over it

I get high all the time
Against the odds I climb, climb
Climb, climb

Solo!

I hear you crying that it's too hard
Get over it, get over it, get over it
Stay strong like my abs and you'll go far
Get over it, get over it, get over it

Get up and try again
Get over it, get over it, get over it
Mountains don't climb themselves
Get over it, get over it, get over it
