

# Goodbye

Tryhardninja

Through the static  
on the TV you watched in horror  
as we were moving

And we want to thank you  
for playing our game  
we enjoyed your screams  
thank you for playing our game  
the nightmares have been real T

though you seemed quite terrified  
we hope you enjoyed the ride  
thank you for playing our game  
and all the tear filled nights

Now this is goodbye  
Now this is goodbye  
Now this is goodbye  
Now this is goodbye

Now this is

It's been so long  
since we had fun  
and shared the secrets  
of what we've become

And we want to thank you  
for playing our game  
and answering the phone  
thank you for playing our game  
you were not alone

Wish we could apologize  
but we liked breaking your mind  
thank you for playing our game  
and all the tear filled nights

Now this is goodbye  
Now this is goodbye  
Now this is goodbye  
Now this is goodbye

Now this is

So you say you're not afraid  
but contortions in your face  
they keep giving you away  
take a good look

There is terror in the mask  
getting closer to your desk  
we're behind you on the bed  
we'll see you soon

Have you figured out it's me  
with your theory?

as the darkness smothers the light

So you managed to survive  
all that means is  
you live to die another day

Now this is goodbye
