

# Guardian

Tryhardninja

Standing on the edge  
Sacrifices passed down from our friends  
Long gone

Galaxies glowing so bright  
Miracles when stars align  
Their shine  
Long gone

When you've given everything  
But the battle doesn't end  
You can't win a war half-way  
We need  
A guardian  
A guardian  
A guardian  
A guardian  
Ooh

The super nova sting  
Tears away, we're masters of nothing  
Long gone

Like a river rushing through  
Washing everything anew  
Our resolve  
Long gone

When you've given everything  
But the battle doesn't end  
You can't win a war half-way  
We need  
A guardian  
A guardian  
A guardian  
A guardian  
Ooh

Two heroes  
One battle  
This cage is gonna get rattled  
Killing every single hunter and jackal  
Master Chief is back in the saddle  
Sorry John, gotta hand it to you  
But it's out with the old, in with the new  
Spartan Locke enter the room  
Now make everybody here listen to you  
Who's gonna take up this mantle?  
Anybody else think that they can handle  
Intergalactic cataclysms  
With didactic mannerisms  
Tackle missions like an army can  
Cause you're more machine than you are a man  
Now one must fall, one will stand  
Who will be our guardian?

A guardian

A guardian  
A guardian  
Ooh
