

I Believe

Tryhardninja

You think I'm foolish, well joke's on you
'Cause you're the only sheep I see
Drip Drip
A sweet sacrifice to the cartoons
So he will come and set us free
Drip Drip

Drop by drop, your fate is locked
Started the machine, now there is no stopping...
Stains
You can't edit out so just let it
Rain
Force the waves up 'cause he will save us
The ink demon comes for thee
Praise the flood, say "I believe"
I believe
Do do, do, do.
I believe
Do, do, do, do
Say " I believe"

It's time to drown in the reckoning
So rest your head, it's time for bed
Drip, drip
The flood will bend you until you break
And in the morning, you'll be dead
Drip, drip

Drop by drop, your fate is locked
Started the machine, now there is no stopping...
Stains
You can't edit out so just let it
Rain
Force the waves up 'cause he will save us
The ink demon comes for thee
Praise the flood, say "I believe"
I believe
Do do, do, do.
Say "I believe"
Do, do, do, do
Say " I believe"

The ink, the ink
His praises we will sing
Say "I believe"
I believe
Yes, "I believe"
I believe
The ink, the ink
It drops until you sink
Say "I believe"
I believe
Yes I believe
I believe

Drop by drop, your fate is locked
Started the machine, now there is no stopping...

Stains
You can't edit out so just let it
Rain
Force the waves up 'cause he will save us
The ink demon comes for thee
Praise the flood, say "I believe"
I believe
Do do, do, do
I believe
Do, do, do, do
Say "I believe"
Do, do, do, do
I believe
Do, do, do, do
Say " I believe"
