

# I Came To Dig

Tryhardninja

Alright

I wanna see all your pick axes in the air  
and sing this one with me  
Are ya ready?  
Here we go

I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig

We diggin' all the time and you know we won't stop  
We gettin' diamonds man  
Yea you know them big rocks  
You playing peaceful while I'm the school of hard knocks  
Grew fighting every day  
call that Survival Block

Creepers tryin' to do me dirty they won't smirk long  
Just ask CaptainSparklez about that forged diamond sword  
Just ask the Nanner man, Shwarzenegger Arnold,  
There's no point in running man  
What you think this arrows for?

Sky's the limit we be buildin' this is our home  
Another day, another structure, world that we own  
There's no grievin' here cause you see that gravel road?  
I'll leave it painted with your blood  
Red stone

And I'll be building whole cities  
What do you know?  
You still stuck playing with your daddies legos  
I'm getting' busy Diggy Diggy like Blue Xephos  
A step ahead, another class, always a Notch above

You make a shack to live in  
I make the Taj Mahal  
You choppin' down a tree  
I made a Pokeball  
You are soft break apart like a clay block  
I'm solid like a golden oar  
I got this game on lock

I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig

If you're crafting and you know it put your hands in the air  
Wanna see you swing that pick axe like you don't really care  
Came to dig, do it big  
Block Billionaire  
If you're crafting and you know it put your hands in the air

Oh no this again  
Gotta take a sec kill a pig again

Dealing with a creeper and he's hissssss hissing  
and I'm gonna get revenge like a tune I'm in

We're a father son relationship  
I'm the block and you're just the chip  
And these boxes are my currency  
So I'm always stacking mine like Pringle chips

From the sea and to the desert this is my reality  
From the caves until the nether it's my world to oversee  
This might seem like something special but we do this everyday  
This is my land  
Made with my hands  
This is Minecraft and I came to dig

I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to dig, dig, dig, dig, dig, dig, dig  
I came to  
g-g-g-g-g-g-oh-oh-oh-oh-oh-creeper

Whatcha know about Minecraft?  
Better ask somebody  
Hah
